- Care
- Digital
- Leadership and Management

Supporting Dundee & Angus College Students

We are supporting Dundee and Angus College Care, Social Science and Sports

department as they look to speak with employers about supporting the College's learning and digital resources.

They are hoping to engage with businesses working within these sectors to provide Career Insights video content (either pre-recorded or conducted live via Microsoft Teams or Zoom) to offer students tangible and invaluable insight during this challenging period and beyond.

The content could be in the form of Q&As with industry professionals, recruitment tips, advice on acceptable workplace behaviours, for example, and can be general employability related or more specific towards a sector. We hope this employer input will aid the next generation of industry professionals as the look towards beginning their career journey.

If you would like to get involved, please email Michael - michael@dywda.co.uk

---

Calling All Businesses!

Do you have any horticultural produce you could donate to a local school?

Carnoustie High School are planning to create a garden project and are looking for a company to gift material to help get the project up and running - plants, vegetables, outdoor storage, for example.

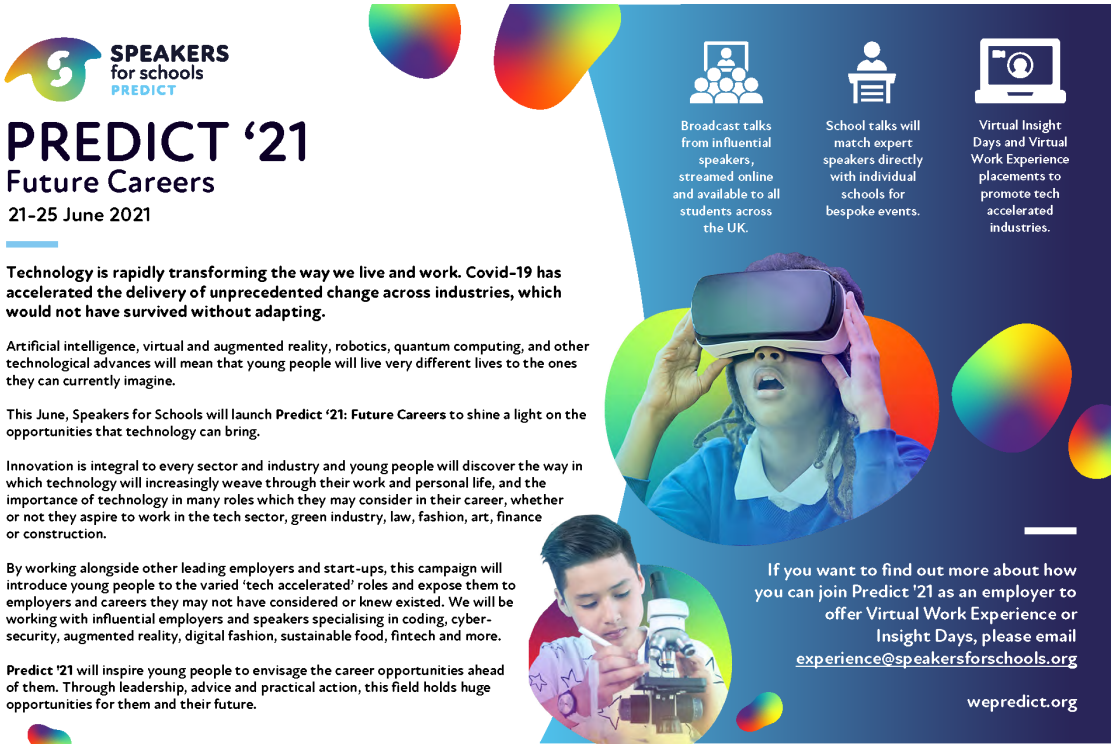
They are also looking to source spare unused plain mugs (with no design) and remnant materials (cloths) for other projects.

If you can help out all please contact Carolyn Joss, Principal Teacher at Carnoustie High School at c.joss@angusschools.org.uk

And the Home Economics department **at Rockwell Learning Centre** are in desperate need of fabric and fabric related supplies and accessories for ongoing classroom projects.

If you can help out with these please contact Sarah Clark at sclark527@dundeeschools.scot

Speakers For Schools



Speakers for Schools have a new campaign called Predict which aims to engage employers, schools and young people with a focus on the digital skills needed for our future workforce.

From a work experience perspective, it will take place **21-25 June 2021**. To get involved and find out more visit https://www.wepredict.org/.

Career Inspiration Series

Would you like to be part of our Career Inspiration Series? Launched last year**, Developing the Young Workforce** Dundee & Angus (DYW) in partnership with **Barnardo's Works** and **Angus Council**, have been creating 5-10 minute pre-recorded videos consisting of a Q&A with individuals from a range of different jobs across Dundee and Angus to highlight the different pathways young people can take. The films are published on our website as well as YouTube and social media.

The videos are utilised within schools and other organisations that support young people to help them gain an insight into the different careers available locally, highlighting the importance of #NoWrongPath as we hear about the diverse career journeys that led these individuals to their current job.

If you would like to contribute a video please contact michael@dywda.co.uk or find out more at:
https://dywda.co.uk/resources/career-inspiration-series/
