Promotional Copy: Student Recruitment
Applications for the free In2STEM programme across the UK are now open!

[Students can apply here](#) - the deadline is 2nd February 2025.
- The programme is for 16-19 year old students (Year12/S5/S6/college) from low socio economic backgrounds interested in exploring a career in STEM.
- It takes place between 21 July - 22 August 2025 and consists of work experience placements, online workshops and competitions, and events.
- The placements take place over 1 or 2 weeks during the programme period at local STEM workplaces and universities.

For more information, see our [website](#), [eligibility criteria](#) and [FAQs](#). If you have any questions, please email the In2STEM team via students@in2scienceuk.org.

Promotional Copy: Volunteer Recruitment

Applications to volunteer on the In2STEM programme across the UK are now open!

We're looking for amazing researchers and STEM professionals who can share their insight and expertise with Year 12 and S5/S6 students from low socioeconomic backgrounds, by hosting students for one or two week summer work experience placements, as part of the In2STEM in-person programme.

Key information:
- Apply by completing our [Application Form](#) by 2nd February 2025.
- Work placements take place for 1 or 2 weeks between 21 July - 22 August 2025, based on your preference and availability.
- You can apply as an individual, co-host with colleagues or as a group (eg, on a department level).
- We support you to plan and host your placement through online training, an extensive host guide, example timetables and activities.

For more information, visit our [website](#) and [FAQs](#). For an informal discussion about volunteering on the programme, please email hosts@in2scienceuk.org.
